All orders are accepted on the basis of our standard trading terms and conditions, a copy of which is available on request.
The prices within this list are exclusive of VAT and are correct at the time of going to press but we reserve the right to alter prices at anytime due to unforeseen circumstances.

The replacement of the steering wheel on cars equipped with airbag systems will disable both the functioning of the airbag system of the driver and that of the front passenger or any other airbag fitted in the car.
Do not attempt to install this kit without having previously read the instruction manual. Incorrect installation can lead to a steering wheel failure which can cause an accident resulting in serious personal injury or death.
For cars equipped with airbag systems, our hubs are intended for racing use only do not attempt to install this kit yourself unless you have been properly trained in the installation and maintenance of car steering wheels.
